"The Girls & Boys Brigade is our safe place in a big city. It makes a huge difference between being able to connect or being isolated."

- Shaun, a GBB Parent

Our Story

2022 is a milestone for The Girls & Boys Brigade.

This year we celebrate 140 years of helping thousands of kids and their families in need. We do this by providing educational and recreational opportunities that build life skills as a foundation for a brighter future. Hundreds of thousands of children have walked through the doors of The Girls & Boys Brigade. Many, many more are yet to do so. Everyone that walks through the doors has a different story and no support provided is the same.

We provide professional services to three groups: children aged 5-12 years; youth aged 12-18 years; and their families. Our programs include homework support, school holiday excursions and workshops, sports nights, and dinner nights - just to name a few. Their parents have access to pantry packs, family dinner nights, and one-on-one support in times of need.

Today, from our centre in Surry Hills, we help 250+ families each year.

A group of diverse young children are running happily outdoors, likely at a school. They are wearing backpacks and casual clothing. The children are of various ethnicities and are captured in a candid, joyful moment. The background is slightly blurred, showing a building with large windows.

Thank you!
