THE GIRLS & BOYS
BRIGADE

Supporting children, youth, and families in need

The Girls & Boys Brigade has been providing educational and recreational opportunities for children and youth in Inner Sydney since 1882. The families who use our services experience a wide range of financial, social, educational and housing challenges.

We provide a welcoming, safe and stable place without judgement, empowering children, youth and families to realise their full potential.

“ I just really want to express how thankful we are. We hope that you - the GBB and their generous supporters - know just how much of a positive impact it has made to our whole family, but especially Spencer and his future.

GBB PARENT

Our programs

The Girls & Boys Brigade relies entirely on the generosity of the individuals, companies and trusts & foundations who make it possible for our families to access our programs for free.

Our programs work together to holistically support families through the complex challenges they face. Support begins when a child enters kindergarten and continues until they have completed high school.

“
The Girls & Boys
Brigade are family for
me. They are very
supportive and they
understand me. I've
never had this before.
It's everything to me.
